

Massachusetts eHealth Collaborative  
Privacy and Security Workgroup  
Overview

Charter
Identify federal and state privacy and security requirements regarding data storage and exchange. Identify all security and privacy laws and regulations pertinent to the Pilots and make sure these are complied with or appropriate waivers are obtained. Identify benchmark privacy and security policies and practices and adopt as appropriate.
Key Deliverables
<ul style="list-style-type: none"><li>▪ Identify all applicable privacy and security laws and regulations</li><li>▪ Identify best practices, within and outside of the healthcare industry, regarding privacy and security relating to data exchange, data storage and data access</li><li>▪ Develop a Blueprint of specific requirements needed for the protection of the privacy and security for the participating pilot communities</li></ul>
